Front-End Developer

ABOUT ME

A dedicated IT professional with a 3rd-year university background and strong development skills, looking for an internship opportunity to apply HTML, CSS, and Laravel, and expand my expertise in UX UI and Photoshop.

EDUCATION

2023 | **Present: Royal University of Law and Economics (RULE)**

Bachelor of Information Technology (Currently in 3rd Year)

Focusing on Web Development, Laravel, and UX/UI Design

2020 - 2023 | Graduate BacII at Pursat High School

ACADEMIC PROJECTS

Hospital Management System

Developed a web-based system using **Laravel** and **PHP** to manage patient records and medical data.

Designed and implemented structured **SQL database** schemas for efficient data handling

Food App (UX/UI Design)

Created a high-fidelity mobile application interface focused on user-centric design.

Utilized **UX/UI** principles to build an intuitive and engaging user experience.
